

## Enquiry Curriculum Map

This map shows areas of study for Year 6 and gives you a flavour of the questions we will be investigating. Within each area the learning and expected outcomes will be scaffolded appropriately for your child

### Historian

As historians, we will start our enquiry by learning about life in ancient Greece. After developing our understanding of this, we will delve deeper into the importance of the Ancient Olympic games. We will be learning all about why the games were invented and how they became more inclusive over time! Finally, we will end our historical journey by comparing the ancient Greek's Olympics to today's.

### Computer Engineer

As computer engineers, we will be exploring and programming using scratch as well as revisiting internet safety

### Mathematician

As mathematicians, we will be carrying out mini projects that incorporate all of our learning this year including: theme park planning and futures.

**Musician:** As musicians, we are exploring sports chants the impact these have on society. We will be developing their own.

### How have sporting events developed over time?

Term 6

Year 6

### Author

As an author, we will be using video clips to support the writing of short pieces of writing to showcase our skills. We will also use our experience of Barton Hall to produce some writing.

### Philosopher: RE

As philosophers, we will be continuing to examine the question: What sort of king was Jesus?

### Philosopher: PSHE

As philosophers, we are looking at changing me.

### Athlete

As athletes, we will be outside for rounders. With Bristol sport, we will be exploring tennis.

### Linguist

As linguists, we will be looking at food items and learning how to read menus in order to create our own.
