

# CULTURAL CAPITAL EXPERIENCES

WICK CE PRIMARY SCHOOL

NAME:

At Wick CE Primary School, our curriculum is designed to instill high aspirations in all of our children and to encourage them to become resilient, life-long learners who embrace challenges and continue to grow and develop their cultural capital.

Our children will be inspired to follow whichever path they choose whilst being well-rounded, conscientious citizens. Our capital experiences, 6 Christian Values, understanding of SMSC and British Values enrich and underpin our curriculum to ensure Wick children are prepared and equipped to succeed in their futures in an ever-changing world.

Our cultural experiences are the accumulation of knowledge, behaviours, and skills that a pupil can draw upon and which demonstrates their cultural awareness, knowledge and competence; it is one of the key ingredients a student will draw upon to be successful in society, their career and the world of work.

Our cultural experiences promote social mobility and success in our stratified society. The cultural experiences give our children power, and it helps them achieve goals, become successful, and rise up the social ladder without necessarily having wealth or financial capital. The cultural experiences is having assets that give our children the desire to aspire and achieve social mobility whatever their starting point.

Please see the grids within our cultural booklet the experiences which underpins our curriculum from reception to Year 6.

## EYFS

Celebrate Chinese New Year
